

# Add insurance to your product line-up through a Nadic partnership

## Provide clients with complementary risk management solutions

Mortgage brokers have a unique opportunity to provide clients with a 'packaged' mortgage service that adds mortgage and home and contents insurance to their existing service.

As an Australian Financial Services Licence holder, we can help you meet this opportunity by providing you with access to these insurances through a Nadic partnership. Plus, we're a full service brokerage so we can provide you with access to retail and general insurances.

The partnership can be structured to provide you with financial incentives when your clients purchase a policy brokered by us, as well as regular reporting.

With Nadic, you can be confident your clients are in safe hands: since 1966, we have developed deep industry knowledge and experience, connections to leading underwriters, and a strong client service ethic.
